Packing

Ten-Way nozzle TwinBond - 2pcs

599431390

Product

Characteristics

- 10 cm wide adhesive layer
- Reduces moisture penetration to the support plate

Applications

- Stone strip bonding on a flat support plate
- Full surface bonding with high tack
- Bonding of windproofing films
- Suitable for all flat surfaces

Use

- Mount the Ten-Way nozzle on the sleeve or sausage adapter.
- Position the nozzle on the 45° sliding surface.
- Apply the adhesive while pulling.

After use: Clean the Ten-Way nozzle with Twinbond Clean.
